RoHS Declaration

November 14, 2019

Dear Customers,

As of the above date, we confirm that no products sold by Evans Capacitor Company contains any of the RoHS material as identified in the RoHS 3 Directive (EU) 2015/863 published on July 22, 2019 with the exception of lead (Pb). Standard products sold by Evans Capacitor Company contain terminations that are plated with 60/40 SnPb. As a result, these products are 9/10 RoHS compliant.

Lead (Pb) Free terminations are available on select product series. These lead-free products are fully (10/10 or 100%) RoHS compliant.

Best Regards,

A handwritten signature in black ink that reads "Thomas Murphy". The signature is written in a cursive, flowing style.
